# Zaim's role in Tabligh

## Inspiration from the Friday Sermons

The Promised Messiah (on whom be peace) always felt most fervently about Tabligh. He would think of all kinds of wondrous ways and means to carry out Tabligh that would take his message to the ends of the earth.

The Holy Prophet (peace and blessings of Allah be on him) said that Islam is a religion of ease. It is not essential to hold great big seminars to call people to God. We should make arrangements according to our situation. [ 03/13/15 ]

## **Inspiration from the Friday Sermons**

“[Promised Messiah's]...took the beautiful teachings of Islam beyond India and to the wider world and infused a spirit in those who took his Bai’at to take the message to the world...”

"Among those who took the Bai’at of the Promised Messiah (on whom be peace) were the poor, laborers, land-owners, farmers, uneducated rural people, business people, the educated etc. All of them understood the message of the Promised Messiah (on whom be peace) according to their individual capacity, benefitted from his august company and tried to spread the message in their spheres." ## Inspiration from the Friday Sermons

Hudhur Aqdas said these days we do Tabligh by distributing leaflets [flyers] the world over and when given the leaflets sometimes people ask questions and this should make further ways for Tabligh. **It is not enough to simply hand over a piece of paper as a message of peace from Ahmadiyya Community. Rather, the link should be taken further as much as it can be.**

Similarly, mosques are being inaugurated these days, three mosques have been inaugurated and three will be inaugurated soon as the UK Jama'at is also drawn to this matter now. These should also open avenues for Tabligh. While new mosques attract criticism, they also generate interest and reports show that people are interested in gathering information. **We should fully avail of this opportunity.**
